FriendBook

SOCIAL NETWORK

By

Svetoslav Vladov & Eray Myumyun

In few words

FUNCTIONALITY

- Login and Register
- News Feed (based on your friends and maybe interests)
- Post on yours and friends wall
- POSTs have like button, comments and shares
- Comments can be liked
- ADD and Block users
- Create Albums & Upload photos
- Edit some of your profile from front-end
- Edit profile information in settings page
- Chat list & chatbox – god save us :D
- Messages page with all conversations + History
- Search bar AJAX and more adv. Search with filters
- View other users profiles
- Admin panel with some statistics
- Ads – all about the money!!! xD
- Probably forgot something
- A lot of small tweaks and gadgets
- Tutorial page to fill profile with progress bar (for search filters)

Hope we are alive after this...
